## PROFILE

---

**Passionate Full-Stack Developer** with strong expertise in **React.js, Node.js, Express.js, MongoDB, HTML, CSS, and JavaScript**, dedicated to building responsive, intuitive, and visually appealing websites and applications. With a keen eye for detail, I am committed to delivering seamless user experiences through both front-end and back-end development.

## EDUCATION

---

### **ME(A)RN Stack Developer**

Luminar Technolab, Kochi, Kerala

2024 - present

### **BCA with Cloud Computing, Ethical Hacking and Cyber Security**

Srinivas University, Mangalore

2021-2024

## PROJECTS

---

### **MERN Stack Job Finder Application-**

- Developed a Job Finder application with **React.js, Node.js, Express** and **MongoDB**.
- Using this platform, recruiters can post job openings, while job seekers can browse and apply for positions that match their skills and interests.
- Implemented user authentication and developed features for adding, editing, and managing job listings with detailed information. Also, created search and application functionalities based on job type.

## MINI PROJECTS

---

### • Tour & Travel Website-

Developed a dynamic and responsive Tour & Travel website using **React.js**, ensuring adaptive layouts and optimized performance across various devices and screen sizes.

### • Photography Parallax Website-

An immersive Photography Parallax Website crafted with **React.js**, featuring stunning visuals and smooth scrolling effects to enhance user engagement.

### • Memory Gaming App-

Memory Gaming App using **HTML, CSS, and JavaScript**.
